

Nitecore TM28 Flashlight

\$599.90

Details

Diminutive in size, yet powerful in application, the TM28 Set from Nitecore is the hugely bright choice for a wide range of outdoor or search activities. This unit has 4 x Cree XHP35 Hi LEDs which produce a maximum brightness of a staggering 6000 lumens, with a beam distance of 655m. It gives you the option of five different brightness levels - turbo, high, mid, low and ultralow with three concealed modes - strobe, S.O.S. and location beacon. This torch has a lockout mode so it doesn't get accidentally activated, a temperature sensor to prevent overheating, and a cover to shield the charging port from water and dust. The TM28 comes with four rechargeable batteries and a battery charger, but it's also compatible with the majority of other 18650 li-ion batteries and high discharge IMR batteries. You can also mount it on a tripod so it can be used to light up your campsite. The TM28 Set from Nitecore will have all your illumination needs covered in the field. 4 x Cree XHP35 Hi LEDs produce 6000 lumens Maximum beam distance of 655m5 x brightness levels - turbo, high, mid, low and ultra-low3 x concealed modes - strobe, S.O.S. and location beaconLockout mode to prevent accidental activation Temperature sensor to prevent overheating 4 x rechargeable batteries and battery charger included Compatible with the majority of other 18650 li-ion batteries and high discharge IMR batteriesTripod compatible

Specifications

Snowys Code:	142971
Supplier Code:	TM28
External Dimensions:	14.1L x 5.6W x 5.6D cm 5 cm Tail Diameter
Packed Dimensions:	14.1L x 5.6W x 5.6D cm 5 cm Tail Diameter
