Waterproof, durable and versatile, the Ravus Vent WP Boots from Hi-Tec will easily take you from the trail to the pavement. These boots have an upper made from suede with a synthetic trim to provide protection. The Ravus Vent Mid WP also has a padded collar and tongue for comfort and a ghillie rustproof hardware lacing system for a secure fit. The interior has a soft mesh lining for comfort, a removable moulded EVA footbed to cushion your feet, and a compression moulded midsole to absorb impact. Your feet will be kept dry in a drizzle, as these boots have waterproof Dri-Tec membrane for wet conditions. And when you're walking up or downhill, the MD Traction rubber outsole provides a reliable grip. Whether you're walking, travelling or hiking - the Ravus Vent WP Boots from Hi-Tec will keep you dry and comfortable. Suede upper with a synthetic trim Padded collar and tongue for comfort Ghillie and rustproof hardware lacing system Waterproof Dri-Tec membrane Soft and comfortable mesh lining comfort Removable moulded EVA footbed for underfoot cushioning Compression moulded midsole absorbs impact MD Traction rubber outsole
