### Details

You'll be both warm and protected from the elements in a pair of the Chilkat III Boots from The North Face.

These boots have a waterproof leather upper with an injection moulded waterproof shell which is a lifesaver during hikes in extreme conditions. The Chilkat has 200g of insulation which will trap warmth to keep your feet cozy and has a compression moulded EVA midsole for cushioning. The exterior also has rustproof hardware for longevity and a D-ring which is compatible with gaiters.

And to top it off, these boots have temperature sensitive soles which means they provide traction even in very cold conditions. For secure footing on those freezing cold winter hikes, lace up a pair of the Chilkat III Boots from The North Face.

Ideal for: hiking and cold weather  
Waterproof leather upper  
200g of insulation for warmth  
Injection moulded waterproof shell  
Compression moulded EVA midsole  
Rubber sole with temperature-sensitive rubber lugs  
Gaiter compatible D ring  
Rustproof hardware
