Details

Supportive enough for backpacking, but without the extra weight and bulk - the Hedgehog Hike II Mid GTX from The North Face is the solid and weatherproof choice. These mid boots have an upper made from waterproof leather with a high oil content, to provide extra durability. For comfort, these boots have a fully padded waterproof mesh collar and a gusseted tongue to keep debris out. Your feet will be dry even if you get caught in the rain thanks to the waterproof yet breathable Gore-tex membrane, and the Ortholite footbed will cushion them as you hike.

They also feature a TPU heel clip to help position your feet and a rugged Vibram outsole which provides performance and grip across all kinds of terrain. The solidly made and waterproof Hedgehog Hike II Mid GTX from The North Face provide protection for your feet whenever you hit the trail.

Waterproof leather with high oil content for durability
 Gusseted tongue keeps out debris Waterproof yet breathable Gore-tex bootie Padded waterproof mesh collar and tongue for extra comfort Ortholite footbed for comfort TPU heel clip to position feet Vibram outsole for grip on all kinds of terrain
