

Suunto 9 Baro Outdoor Watch

From \$809.90

Available colours:

Titanium | Black | White | Lime | Red

Details

The Suunto 9 Baro has all the intuitive features, robust build and long battery life as it's siblings only with the added benefits of barometric altitude - perfect for those who love the mountains.

It features a sapphire crystal face which is all housed in glass fibre reinforced polyamide case.

This watch has a durable stainless steel bezel, a mineral glass lens and a silicone strap for comfort. The Suunto 9 Baro has three battery modes - performance, endurance and ultra which delivers up to 120 hours of recorded time with GPS tracking on. You can record distance on a long run and track it accurately as it uses a FusedTrack algorithm which extends battery life without compromising on accuracy. The Suunto 9 Baro is also water-resistant to 100m and has a rechargeable lithium-ion battery.

Paired with the new Suunto app you can track your expeditions as well as sleep and daily activities. It also has a smart mobile connection which means you can get notifications, messages and incoming call alerts as well. Designed for long training sessions in the mountains, you can rely on the Suunto 9 Baro to perform at a high level on all your outdoor pursuits.
