Details

If the poles for your shelter are sinking into the soft ground, then nip that problem in the bud with some help from a Pole Plate from Supa Peg.

This pole plate is made in Australia from UV treated polypropylene, so it'll stand up to plenty of outdoor use. It's designed to suit up to 35mm sized round foot caps and can also be pegged into the ground which will prevent the plate from moving around.

The next time you're heading off to a campsite with softer ground, prevent your tent poles from sinking with the Pole Plate from Supa Peg.
