Details

If you're counting every gram, then the women's specific Flame Fm0 Sleeping Bag from Sea to Summit is the whisper light solution for warm technical expeditions. This bag has a contoured mummy design which is wider at the hips and narrower at the shoulders for a women's specific fit. The Flame is constructed from premium materials for performance without the weight. It's filled with RDS 850+ Loft premium goose down which has a water-repellent treatment to protect it from condensation and external moisture. The sewn through box baffle construction keeps the down in position, without adding extra bulk, while the minimal 10D nylon shell, 7D liner and light gauge #3 YKK zip keeps the weight down. Providing a 13°C comfort rating and a 9°C lower limit, this bag is designed for warm weather or it can be used as a liner to increase the warmth of another bag. The Flame Fm0 is a women's specific technical bag that's perfect for ultra-light summer expeditions or to add warmth to another bag in cooler conditions. 13°C comfort rating, 9°C lower limit Filled with RDS 850+ Loft premium goose down Water repellent treatment on the down protects it from moisture 10D nylon shell and 7D lining for minimal weight and packed size Light gauge #3 YKK zip Sewn-through box baffle construction to keep down in position Doubles as a liner to boost the warmth of a second bag Contoured mummy design for insulation Wider at the hip and narrower at the shoulder with extra down overall Integrated stuff sack
