Details

If you're looking for a double camp mat to fit into a small tent, or even if you are wanting to fit two double mats in a tent, the Sea To Summit Comfort Plus SI Double Mat is probably the product you have been looking for.

At 128cm in width and 8cm in thickness, this is our smallest and lightest double mat whilst still maintaining the ultimate in comfort and comes armed with an R-value of 4.1 to keep you warm in the winter. The interior features the Delta Core™ technology, which is comprised of large triangular cores to keep the weight and bulk down while also providing support and allowing it to be packed down. The base is made from a durable 30D polyester with extrusion laminated TPU with an anti-slip print, while the top has a soft 30D stretch knit fabric.

For easy inflation and deflation, the unique multi-action reversible single valve makes both processes a breeze. The Comfort Plus Double Self Inflating Mat from Sea to Summit is the ideal compact double mat for compact car camping setups or in instances where you want to fit two double mats in a four to five-person tent.
