

Sea to Summit Journey Jo2 Wmn's Sleeping Bag (-8 °C)

From \$371.95

Available sizes:

Regular - Right Zipper | Long - Right Zipper

Details

Keep comfy and warm every night, no matter where you're staying on your travels with the Joll Sleeping Bag from Sea to Summit. This bag is cut to be wider at the hip and narrower at the shoulder for a women's specific fit and is a classic tapered rectangular shape. The Journey Jo2 has a comfort temperature rating of -8°C, and a lower limit -15°C so it's better suited to those who feel the cold, or for use in cooler conditions. It's filled with easy to compress R.D.S certified 650+ loft ultra-dry down which provides superb insulation. This bag also features extra down overall and Thermolite insulation panels in the foot area for more warmth. The vertical chest baffles prevent cold spots, the additional neck collar draft tube traps warmth and the lightweight 30D nylon with soft touch breathable 20D lining keep the weight and bulk down. Open it up to use it as a quilt thanks to the full-length side zip when it's warm, or stick out your feet by opening up the separate foot zip if you need to ventilate. The zipper won't get caught as there's anti-snap material on the oversized zip draft tube, you can draw in the panelled hood to keep your head snug and keep your valuables handy in the internal security pocket. The reliable and women's specific Journey Joll Sleeping Bag from Sea to Summit is ideal for accompanying you on your backpacking, hut camping or hostel adventures. Comfort rating -8°C, lower limit -15°C. R.D.S certified 650+ loft ultra-dry down Extra down overall and Thermolite panels under the foot area for extra warmth Additional neck collar draft tube Women's specific cut - wider at the hip and narrower at the shoulder Vertical baffles over the chest section to prevent cold spots Two-way full-length side zip and separate foot zip for use as a quilt Panelled hood draws in tight for warmth and lies flat when not in use Oversized zipper draft tube with anti-snap material Large internal security pocket Soft touch breathable 20D lining and lightweight 30D nylon shell Includes storage cell and a lightweight compression bag for storage LH and RH bags zip together
