

Sea to Summit Ultra Light Insulated Wmn's Sleeping Mat & Pump

From \$159.95

Available sizes:

Regular | Large

Details

For lighter adventures where warmth is still a priority, the Ultralight Insulated Women's Mat from Sea to Summit is the ideal sleeping companion. This 5cm thick mat has a women's specific shape, so it's wider at the hip and narrower at the shoulder and provides an R-value of 3.8. The 30/40D nylon is light, quiet to sleep on and will grip your tent floor while also being field repairable as it comes with self-adhesive patches. To reflect radiant heat, this mat has Exkin Platinum fabric and for insulation, it has a thicker layer of THERMOLITE to keep you warm, while still providing a compact packed size. Inflation and deflation are easy with the multifunctional high flow rate valve, the TPU has an anti-microbial treatment to prevent mould growth, and you can keep your pillow from moving around thanks to the PillowLock attachment system. Compact, insulated, without a compromise on comfort - when you're travelling light, you can bank on the Sea to Summit Ultralight Insulated Women's Mat. 3.8 R-Value and 5cm thickness Exkin Platinum reflect radiant heat Thicker layer of THERMOLITE insulation for warmth Lightweight, quiet and grippy 30/40D Nylon fabric Field repairable with included self-adhesive patches Ultra-fresh anti-microbial treatment to the TPU to prevent internal mould growth Multi-functional, high flow rate valve PillowLock for attaching your pillow Airstream pump sack included
