

Sea to Summit Comfort Plus XT Insulated Sleeping Mat

From \$279.90

Available sizes:

Regular Wide Rectangle | Large Rectangle

Details

When good night's sleep is your priority over weight, then the Comfort Plus XT Insulated Sleeping Mat from Sea to Summit is the luxurious air mat for you.

Side sleepers will benefit from this 8cm thick mat, and the R-value of 4.7 will help insulate on a chilly night. You'll also have extra room to move around as this model is wider than standard air mats in the Sea to Summit range. The clever dual chamber design allows you to independently pressurise each layer, so you can adjust the top layer for your comfort, and maintain the base at high pressure for protection. Featuring Exkin Platinum® technology to reflect radiant heat, and THERMOLITE® insulation - this mat will help keep you warm in a cooler climate.

The 30/40D nylon fabric is lightweight, quiet and packable while also being easy to repair in the field with the included self-adhesive patches. To prevent mould growth, this mat has an Ultra-Fresh® anti-microbial treatment and to make inflation and deflation easy, it's got a multi-function high flow rate valve.

The Comfort Plus XT Insulated Mat from Sea to Summit is the generously sized mat that'll provide cushioned comfort when you're sleeping under the stars.

ASTM F3340-18 R-Value: 4.7
