~~\$219.99~~ **\$184.90**

Details

Stable, easy to adjust and impact absorbing - the Khumbu Antishock Poles from Leki allow you to hike with confidence. These poles have a strong yet light aluminium shaft, with a Speed Lock+ system for simple length adjustment on the trail. The antishock system will help reduce the impact on your joints, muscles and ligaments, making them ideal for longer journeys. For ergonomic comfort in your hands, they've got edgeless CorTec grips while the short flex tips also provide you with excellent grip on nearly all terrains. Reduce impact on your body, and give yourself extra support while you trek with some help from the Khumbu Antishock Poles from Leki. Speed lock+ adjustment system Comfortable Aergon CorTec grip Lightweight and high strength aluminium shafts Anti-shock system to reduce the impact Trekking basket compatible with every flex tip Short flex tips for perfect grip on nearly all terrains
