Details

For taste-free on the go hydration while when you're hiking, riding or running, fill up the Big Zip Evo reservoir from Platypus. This reservoir produces a significantly higher flow rate compared to previous Platypus reservoirs and has silver-ion embedded to protect from bacteria and mould. It's easy to open, close and fill as it has a secure SlideLock mechanism, and the pincher grip makes it a breeze to fill it up with one hand. The high mount quick-disconnect makes access simple, while the leak-proof shut off valve stops the flow. There's also centre baffle that provides low-profile support for easy cleaning and drying, and it's taste-free, BPS, BPA and phthalate free. With a fast flow rate, functional design and a taste-free experience - the Big Zip Evo reservoir from Platypus won't let you down. 3L capacity Hyflo self-sealing bite valve improves flow and larger drink tube Embedded silver-ion protects water from mould and bacteria Taste free, BPA-free, BPS-free and phthalate-free Secure SlideLock for easy filling and closing Pitcher grip allows for easy one-handed filling High mount quick-disconnect for fast easy access Semi-rigid centre baffle for easy cleaning and drying Leak-proof shut off valve
