### Details

When you can't get away for the weekend, but you still want to use your BioLite FirePit on the deck or in the backyard - the FireMat is the perfect solution. This mat is made from aluminium coated fibreglass fabric that is designed to reflect radiant heat which will help to protect your lawn, veranda or other sensitive surfaces from getting damaged. It also rolls up neatly into its own little carry bag, so it's easy to store away when you're not using it. Enjoy your existing BioLite FirePit at home with the clever and handy FireMat from BioLite.
