Details

The Terra GTX is the classic best-selling Scarpa design that's been improved to make it even more dependable than before. For comfort and protection, these boots have a soft leather upper with revised stitching which also offers comfort straight out of the box, so you'll be ready to hit the trail as soon as they arrive. The extra space around the toes, PU midsole, and an updated cuff all work together to provide extra comfort as you hike. These boots feature a Gore-tex lining which will give your feet protection from wet conditions while allowing them to breathe for comfort in different conditions. They also now have a Vibram II sole which has extra rubber for extra rigidity and durability. Timeless, durable and comfy - the Terra GTX Boot from Scarpa will be your new go-to for everyday wear, or your weekend adventures. Ideal for: hiking and bushwalking Soft leather upper Comfortable straight out of the box Revised stitching pattern for extra durability Gore-tex waterproof membrane Updated Vibram energy II sole PU cushioning layer for more stability and support Improved fit - extra space around the toes
