System Bonus Pk**

~~\$449.00~~ **\$379.00**

Details

Enjoy hot water in any climate for your outdoor bathroom or kitchen when you're away from the comforts of home with the Smarttek Black Smart Hot Water System from Smarttek, and while stocks last enjoy some extra water pressure with an upgraded 6L per minute pump pack!

This unit has been tested over 12,000 cycles to ensure that you can assemble, dismantle and use it over and over without a hassle. With two capacities available, the Smarttek Black produces a maximum of 6L per minute of constant water flow and comes with a premium shower head with on/off twist control and two pressure settings. The Smarttek Black is built to last in the harsh Aussie climate, so it has a stainless-steel finish and a double powder coated rear housing. The LCD temperature display lets you set the perfect temperature, the temperature safety cut off switch prevents you from getting scalded, and it's super easy for you to set up.

Just hang it up, connect the gas bottle with the hose, connect the shower hose and rose to the water outlet valve, connect the water source to the water inlet valve, insert two included batteries and you're ready to go. Get dependable and portable hot water when you're camping or caravanning, with the Smarttek Black smart hot water system from Smarttek.
