

Smarttek 4.3 L/pm Pump

~~\$59.90~~ **\$49.90**

Details

Use your existing Smarttek 6 hot water unit with an external water source with some help from the 4.3L Per Minute Pump from Smarttek. Simple to operate from a 12V power source, this pump will draw water from up to 3m and pushes water up to 10m away. It's self-priming, so just put your hose into the water source and it will automatically start pumping the water. Easy and simple to use, the 4.3L Per Minute Pump Pack from Smarttek allows you to pump water from a creek, stream, bucket or river for use with your portable hot water unit. Compatible with separately available Smarttek 6 hot water unit. Draws water from up to 3m and pushes water up to 10m away. Self-priming. Includes: 2.5 metre wiring harness with SAE waterproof quick connects with on/off switch and 2 alligator clamps.
