

Dometic  
**PLB40 Portable Lithium  
 Battery 40Ah**

**\$899.00**

**Details**

Travel off the grid for longer with your full kit by powering your 12V appliances with the lightweight and portable PLB40 Battery from Dometic. This 40Ah Lithium Iron Phosphate battery is engineered to be used outdoors, so it has a rugged design that will perform even in extremely harsh conditions. It's got a DC-DC charger and provides you with 3 ways to charge so through the vehicle 12V socket, solar panel or AC power. The integrated LCD display makes this battery easy to use as it provides you with important information on performance including the charging/discharging status, battery capacity and output status. You can even use it to charge mobile devices as there are USB ports on this unit. The lightweight and ergonomic design will also make it easy to transport to and from the campsite. When you're heading overland, the portable PLB40 Battery from Dometic will power your 12V appliances, mobile devices and portable fridge/freezers so you can travel further on your adventures. Designed for use with 12V appliances while off-grid USB ports for charging mobile devices Integrated Lithium Iron Phosphate LiFePO4 battery cells Lightweight with ergonomically designed stainless steel handle 3 ways to charge - vehicle 12V socket, solar panel or AC power Integrated LCD screen displays charging status and output
