

BioLite
BaseLantern

~~\$199.99~~ **\$149.90**

Details

The BaseLantern from BioLite is the sophisticated illumination option that's rechargeable, portable and doubles as a smartgrid. This flatpack lantern provides 500 lumens of light, is edge-lit to maximise brightness, and is the size of a sandwich for packability. It's got a 7800 mAh rechargeable battery with 2 USB ports, so you can charge your phone or devices with the BaseLantern when you're off the grid. To raise this lantern off the table, hang it up from a branch or angle it for task lighting, it has stainless steel folding legs, and it has full colour spectrum controls for different illumination options. You can use your phone as a remote control with this lantern with the Bluetooth Low Energy app which allows you to access the timer, proximity activation, and other lighting options. For versatile lighting that moonlights as a smartgrid, you can rely on the BaseLantern from BioLite. 500 lumen edge lit lantern 7800mAh rechargeable battery to charge phones and other devices Micro-USB port charge in USB charge out x 2 Stainless steel folding legs Full colour spectrum controls Free BioLite app included to access the timer, proximity activation, and other lighting options
