

**Black Diamond
Sprinter Rechargeable
Headlamp**

~~\$159.99~~ **\$119.90**

Details

Whether you're exploring urban areas or hitting the trails - the Sprinter Rechargeable Headlamp from Black Diamond will reliably light the way. The Sprinter has a lithium polymer rechargeable battery which can be charged via USB, with one TriplePower LED that provides 200 lumens of light. The rear has a taillight strobe so that you're more visible on your night time runs, which can be turned off when you hike. It's got full strength, dimming and strobe modes for different applications, with an IPX4 rating so it's storm-proof and will withstand sleet and rain from any angle.

Enjoy reliable and stormproof lighting on your nightly runs after work, or weekend expeditions off the beaten path the Sprinter Rechargeable Headlamp from Black Diamond. Full strength, dimming and strobe modes USB rechargeable 1 TriplePower LED with 200 lumens Red taillight strobe at rear for visibility Lithium polymer battery recharges through a USB port in 5 hours IPX4 rated tested to withstand rain and sleet from any angle
