Details

The clever people at Bridgedale have developed a sock perfect for hiking women in the warmer weather. When you're hitting the track the last thing you want is your feet to feel hot, wet and weighed down. Say hi to the Women's Hike Ultra Light T2 Coolmax Performance sock from Bridgedale. Made using Coolmax, nylon and Lycra this dynamic sock will wick moisture away to keep your feet cool and dry. The T2 padding will make you feel like you are running on a cloud and the large areas of open mesh assists with ventilation. The Performance fit Lycra technology gives you a close supportive fit from foot to calf, so no sagging or slipping here. Keep dry, cool and comfy on the trail with the women's Hike Ultra Light T2 Coolmax Performance sock from Bridgedale. Lightweight and cushioned. Designed for especially for women. 3D shaped heel. Minimum insulation, maximum ventilation. Sculpted open mesh keeps moisture away. Won't slip down or bunch. Made from: 56% Nylon / Polyamide, 42% Coolmax / Polyester, 2% LYCRA®/Elastane
