### Details

Designed for cold rugged environments the Bridgedale Expedition Heavyweight Merino Performance Boot Sock has been developed for the colder weather. Whether you're hitting the trails or the mountains the last thing you want is your feet to feel cold or unsupported. Say hello to the Expedition Heavyweight Performance Boot Sock from Bridgedale. Made using nylon, merino / new wool, Endurofil and Lycra this dynamic merino sock will cushion your feet, provide warmth and impact resistance. The Performance fit Lycra technology gives a close supportive fit from foot to calf, so no sagging or slipping whilst trekking. Keep warm, comfy and supported on the trail with the Bridgedale Expedition Heavyweight Merino Performance Boot Sock. Made for cold climates. Moisture-wicking. Flat toe seam. Supportive fit from calf to foot. Impact resistance and superior comfort. 3D heel cup to prevent slippage. Made from: 34% Nylon / Polyamide, 28% Merino Wool, 19% New Wool, 18% Endurofil / Polypropylene, 1% LYCRA®/Elastane
