### Details

Designed for cold climates the Bridgedale Expedition Heavyweight Merino Comfort Boot Sock has been developed for the colder weather. Whether you're hitting the trails or the mountains the last thing you want is your feet to feel cold or unsupported. Say hi to the Expedition Heavyweight Comfort Boot Sock from Bridgedale. Made using Coolmax/polyester, nylon, merino wool and Lycra this cracking sock will cushion your feet, provide warmth and offers impact resistance. The Comfort fit technology gives you a close supportive fit but a looser fit around the calf, perfect if you want to roll your sock cuff up or down. Keep warm, comfy and supported on the trail with the Bridgedale Expedition Heavyweight Merino Comfort Boot Sock. Made for cold climates Moisture-wicking Flat toe seam Supportive fit for foot but looser on the calf Impact resistance and superior comfort 3D heel cup to prevent slippage Made from: 45% Coolmax® / Polyester, 30% Merino Wool, 24% Nylon / Polyamide, 1% LYCRA®/Elastane
