**Details**

The Bridgedale Expedition Heavyweight Merino Comfort Boot Sock is specially designed for women. Whether you're hitting the cold climate trails or scaling mountains the last thing you want is your feet to freeze or feel unsupported. With superb moisture-wicking properties, your foot will be as warm as toast. Made using Coolmax -polyester, nylon, merino wool and Lycra this merino sock will cushion your feet, provide warmth and offers impact resistance. The comfort fit technology gives you a close supportive fit for your foot but a looser fit around the calf, perfect if you want to roll your sock cuff up or down. Keep warm, comfy and supported on the trail with the Bridgedale Expedition Heavyweight Merino Comfort Women's Boot Sock. Made for cold climates Specific slimmer women's fit Moisture-wicking Flat toe seam Supportive fit for foot but looser on the calf Impact resistance and superior comfort 3D heel cup to prevent slippage Made from: 45% Coolmax® / Polyester, 30% Merino Wool, 24% Nylon / Polyamide, 1% LYCRA®/Elastane
