

Zempire Jetset 10 Inflatable Air Tent

\$662.35

Details

The Jetset 10 from Zempire allows you to pitch a family-sized, luxurious and weather-protected tent in under 10 minutes thanks to the reliable air pole design. The single inflation point and included pump makes the air poles quick to inflate in under 10 minutes, so it's perfect for families that want a roomy tent without the fuss of threading poles. Using fabric for the fly that's torrential rain tested, UV treated, PU tape seam-sealed and with an impressive 5000mm waterhead rating - so you'll be well protected from the elements. You can also unclip the fly in clear conditions, to enjoy a view of the stars through the full mesh roof. Stepping inside the tent, there's an open plan layout with a central dividing wall for privacy and twin storage areas at the rear that you can access internally through the zips closed mesh flaps. You can access the tent from the twin doors, set up the gullwing door as an awning for protection from the weather, and keep your essentials handy while you're relaxing outside your tent in the front storage pockets. Spacious, reliable and modern - the Jetset 10 from Zempire will shelter you and the family on all your camping adventures. Single inflation point for easy pitching in under 10 minutes Spacious open plan design with a central dividing wall Twin rear storage areas accessible through the zip closed mesh flaps Fly can be unclipped in good weather for stargazing through the full mesh roof Twin front doors access Gullwing door can be set up as an awning Single point inflation allows for quick and easy setup Inflatable AirSystem tubes, fibreglass 9.5mm Torrential rain tested, PU tape seam-sealed, fire retardant, UV treated fly Front storage pockets Double Action Pump included for inflation
