

Zempire Microcell Airbed Pump

\$49.99

Details

Take the wait time out of inflating your airbed, boat or pool floaties with the Zempire Microcell Pump.

This little windstorm delivers 360 litres per minute of airflow and multiple nozzle sizes to suit just about any product that requires inflation before use. It's powered from both 12V and 240V power sources and comes in at a compact and lightweight size for easy transport.

What's more, at the end of your activity or camping trip, the deflation port makes packing your inflatable items away a breeze.

12V and 240V power compatible
Multiple nozzle sizes included
360 litres per minute airflow
0.63 psi maximum pressure (not for air tents)
