Details

On rugged expeditions, you'll be able to easily organise and carry your plumbing accessories in the durable Australian-made Water Hose Bag from Blacksmith Camping Supplies. This water hose bag is handmade using durable corespun poly/cotton thread and 370gsm Australian made canvas, which is Dynaproofed, breathable, rotproof, and UV resistant to ensure it lasts. Australian made canvas is woven to be very hard wearing as it doesn't skip the crucial bleaching process during manufacture, which will prevent the material from breaking down to prolong the life of the product. It's easy to see exactly what's in the bag, as the top is constructed from clear outdoor blind quality PVC that is UV stabilised to prevent it from getting brittle in the sun. It also features a stainless-steel eyelet for drainage, 38mm webbing handles for carrying, and two YKK zip sliders that glide smoothly even in sandy conditions. Keep your cords coiled and organised while you explore harsh environments in the hardwearing and Australian made Water Hose Bag from Blacksmith Camping Supplies.
