

ACR
ResQLink View PLB

\$449.90

Details

You can roam near or far with the peace of mind you need to enjoy your adventure with the ResQLink View personal locator beacon from ACR. The ResQLink View requires no subscription and operates on the three Cospas-Sarsat Satellite systems which include the MEOSAR so the signal detection and transmission is nearly instantaneous. Using this PLB you can expect your beacon to be located within 100m 95% of the time within 5 minutes of sending out the distress signal. This buoyant unit has a digital display that shows the GPS coordinates and live beacon status and provides you with 28 hours of operational life. Activated by deploying the antenna and pressing the button, the ResQLink also has self-test options so you know it's working before your journey. The multifunction clips provide numerous wearing options for different activities, and the strobe and infrared strobe provides visibility at night. This unit also comes with exclusive ACR skins for personalisation. Having saved thousands of lives around the world, the ResQLink View personal locator beacon from ACR will give you the security you need when heading off on your expeditions. No subscription required GPS positioning, 406 MHz signal and 121.5 MHz homing capability GPS and Galileo GNSS Built-in buoyancy Strobe and infrared strobe for visibility MEOSAR compatible Multifunction clip system included Digital display shows GPS coordinates and live beacon status 28 hours of operational life Exclusive ACR skins included for customisation

Specifications

Snowys Code:	146674
Supplier Code:	ACR2922
In Use Dimensions:	5.2W x 3.8D x 11.5H cm
Packed Dimensions:	12.5W x 12.5D x 5.5H cm
Material:	High Impact UV Resistant Plastic Digital Display
Waterproof:	5 Metres for 1 Hour 10 Metres for 10 Min
Output Power:	406 MHz Satellite Multi-Constellation receiver (GPS and Galileo GNSS)
