**SPOT X 2-Way Satellite
 Messenger with Bluetooth**

\$389.00

Details

If you're travelling beyond reliable cellular coverage, stay connected with loved ones or with emergency services in a life-threatening situation with the SPOT X two-way satellite messenger device from Spot. You're able to connect the SPOT X to your smartphone via Bluetooth wireless technology through the SPOT X app to gain access to your contacts so you can communicate with any mobile number or email address. SPOT X also has its own dedicated US mobile number so that you can be messaged directly as well. This device enables you to send an SOS to search and rescue and communicate back and forth if necessary and receive confirmation that help is on the way for your peace of mind. You can also check in regularly with your friends and family to let them know you're okay and navigate using the built-in compass. The illuminated keyboard makes it easy to use, it's impact and water-resistant to IP67 for reliability has a rechargeable lithium battery and 240 hours (10 days) of battery life in 10-minute tracking mode. You can also track your progress at 2 ½, 5, 10, 30 or 60-minute intervals with cloud-based mapping, and link it to your SPOT account to share your adventure. Communicate with friends, family and emergency services when you're off the grid with the SPOT X two-way satellite messenger device from Spot. Please note - requires a paid subscription for service, read here for more info Bluetooth Capable Exchange messages with any phone number or email address from virtually anywhere in the world Message back and forth about your emergency with search and rescue services and receive a confirmation when help is on the way SPOT X app allows you to connect the device to your smartphone via Bluetooth to access your contacts Choose 2 ½, 5, 10, 30 or 60-minute tracking intervals and track your adventure with cloud-based mapping Check-in quickly and easily to let everyone know that you're okay Navigate using the built-in compass and programmable waypoints Rechargeable lithium battery 240 hours (10 days) of battery life in 10-minute tracking mode Impact and water-resistant to IP67
