### Details

When you've got a longer run, ride or hike on the cards, the Agile 6 from Salomon is just what you need to carry water and other essentials. This set will fit your basic essentials, water, an extra layer of clothing and a light rain jacket making it ideal for mid-distance trips. This pack is made from 3D mesh for breathability and ripstop 500mm waterproof nylon for lightweight durability. The harness wraps around your body to distribute the load comfortably, the perforated EVA shoulder straps ensure carrying comfort, and the strap system links the straps to the hip belt and pack for an optimal fit. In terms of storage, there's one main compartment, 2 front soft hydration elastic pockets, and an internal zipped pocket. With helmet loops, a hiking pole holder, and a key holder - you can cart around your accessories with ease with the Agile 6. This pack is also compatible with a separately available 1.5L Soft Reservoir and comes with two 500ml Soft Flasks included for hydration. Carry light layers, your basics and water with you on a mid-length training session in the Agile 6 from Salomon.
