

23Zero

Peregrine 270 Driver Side Awning with LST

From \$899.95

Available sizes:

Driver Side

Details

Stay cool and protected from the sun under a Peregrine 270 Awning with Light Suppression Technology from 23ZERO attached to your vehicle.

This awning can be mounted on dual-cabs, and general canopy and wagon arrangements. It's constructed from a hard-wearing, proofed 280gsm polycotton tear check canvas which has a 1500mm polyurethane LST dark coating to diffuse sunlight and UV rays from it as well as being abrasion, UV and mould resistant. It also features aluminium box extrusion rafters with cast alloy hinges making it lightweight at under 19kg. Setup can be achieved by one person in 60 seconds and it has integrated swing down pivoting telescopic legs for easy setup and pack down.

You can also purchase two separately available side walls which will enclose the awning for extra wind protection and shelter. You'll always have reliable protection from the elements for your spontaneous day trips, or longer adventures with the Peregrine 270 Awning with LST from 23ZERO.

Two optional separately available sidewalls can be added for extra shelter
 Durable canvas with 1500mm polyurethane coating for UV and mould resistance
 Light Suppression Technology (LST) dark coating
 Suitable for dual-cabs, and general canopy and wagon arrangements
 Freestanding for set-up and pack-away, and can be easily set up with just one person
 Two integrated swing down pivoting telescopic legs plus three additional poles for set up
 Extruded box alloy rafters and cast alloy hinge mechanisms
 Weighs just 19kg
