

## Camelbak Hot Cap Insulated Mug 600ml

From **\$44.90**

### Available colours:

Stone | Lilac | Navy | Iris | Black

### Details

Gone are the days where you scoff and scold yourself on that morning cuppa while you race out the door, for now, you can slowly sip away on your daily commute with the Hot Cap Stainless Steel Vacuum Insulated Mug 600ml from CamelBak.

The vacuum insulated 18/8 stainless steel will keep drinks hot for up to 10 hours and cold for up to 24 hours. The 360° cap features a leak-proof rotating valve that twists to open or close so you can sip from any side and don't have to adjust your grip when your hands are already full! It's recommended that all parts be hand washed but with an easy disassembling of the cap, it's easy to give everything a quick slosh in some soapy water so it's ready to go the next morning.

With the added bonus of being BPA, BPS and BPF free you can sip on-the-go with full peace of mind that you're keeping things green and toxin-free with the Hot Cap Stainless Steel Vacuum Insulated Mug 600ml from CamelBak.

360° Cap for drinking from any side  
Leak-proof valve twists to open or close  
Vacuum insulated stainless steel  
Recommended for hot beverages up to 90°C (195°F)  
Drink clean: BPA, BPS, and BPF free  
Hand wash - cap disassembles  
Universal Cap is compatible with Eddy®, Chute® Mag, and Hot Cap stainless steel vessels
