

Oztrail Hiker 2 Dome Tent

~~\$124.95~~ **\$79.90**

Details

A relatively lightweight and affordable hiking tent, the Oztrail Hiker 2 is a great entry-level choice for budding hikers or for backpackers on a budget. Featuring an 'A' frame pole design inspired from the tents of yesteryear, the Hiker 2 is strong, spacious and features fibreglass poles with short pole sections to make it compact in transit. The fly is made from UVTex fabric which is waterproof and also provides protection from UV rays, and has heat taped seams to help prevent leaks. For ventilation, the inner is comprised of No-See-Um mesh and polyester, and the bucket floor has elevated seams to assist with keeping you dry from the ground up. Getting in and out of the Hiker 2 is simple, as it features an oversized T-shaped door with lower sills to prevent tripping. You can stash your pack and boots out of the weather in the large front and rear vestibules, and the inner has storage pouches to keep smaller items organised. The Oztrail Hiker 2 represents great value for any newbies looking for a compact tent. UVTex 2000 waterproof and shields against UVNo-See-Um mesh and polyester innerEasy step T-door with lower sills to minimize tripping Factory heat taped seams prevent leakage Front and rear vestibules for storage Pegs and pre-attached guy ropes included Power cord access zip and Velcro power cord holders 2 storage pouches Carry bag included
