Details

The roomy, versatile and breezy OZtrail Bungalow 9 Family Tent is the perfect tent for a family camping getaway - especially when the weather is warm.

The frame design of this tent makes it super quick and easy to set up. The Bungalow 9 has a central room with 2 large bedrooms or screen rooms on either side - so it's a very versatile setup. The tent also features near vertical poles and high ceilings which creates maximum roominess and headroom.

The oversize D doors in the middle and at both ends of the tent allow for easy multi-point access, which also minimises tripping. The large side, rear and front awnings provide plenty of shade for relaxing outside when the sun is shining, and when set up allow maximum breeziness throughout the tent. The bucket style heavy duty PE floor keeps ground level moisture and water out, so that's one less thing to worry about if the weather turns sour. The tent fly is also made silver coated fabric for extra strength and protection.
