Mitchell Expedition Swag

Details

All the features of the ever popular Mitchell swag, only the Oztrail Mitchell Expedition comes with a PVC vinyl floor for added water protection and easy cleaning.

The tough 330gsm SatProof 600+ ripstop canvas upper has been saturated with an anti-mildew waterproofing agent prior to manufacture to ensure your swag offers reliable protection for a lifetime of outdoor adventures. Three high tensile Durallium poles keep the canvas off your face while you rest in comfort on the extra deep 6cm high density open cell foam mattress.

A full length top opening with both canvas and No-See-Um mesh layers provides easy access. Weather proof head and foot awnings facilitate ventilation and heavy duty roll straps are incorporated into the design for simple pack up. Two interior storage pockets help to keep your small necessities close at hand.
