

Coleman
**Queen Double-High Quickbed
 & Pump**

~~\$179.99~~ **\$119.90**

Details

Rigorously tested to ensure that it'll survive the rough and tumble camping lifestyle, the Coleman Queen Double High Quickbed Airbed with 240V Pump is the ultimate airbed in Coleman's range.

Made from heavy-duty PVC for strength and a rayon flock top for warmth and to keep bedding in place, this airbed provides you with both durability and comfort - so you get the best of both worlds. The double height creates a mattress-like-experience and will fit the queen size sheets you already have. The PVC is puncture-resistant, so you can get it out for your guests, or take it with you on your next camping trip with confidence.

Set up is easy, as the internal 240V pump quickly inflates the bed with the touch of a switch or you can inflate it by hand. Don't make your houseguests sleep on your dodgy futon, the Coleman Quickbed is the way to go for overnight visitors, or for yourself on your outdoor adventures.

- Internal 240v pump
- Can be inflated by hand
- Heavy-duty PVC for durability and strength
- Great for use as a guest bed at home
- Double lock valve airtight system
- Rayon flock top for warmth
