Details

The Ultralight Aluminium 27-1 cooker system from Trangia is about as simple and reliable as it gets when it comes to lightweight cook systems for hiking and trekking.

Constructed from lightweight aluminium, with a compact and space saving design, the 27-1 is the perfect size for a couple or lone wolf. Easy to use and set up - the 27-1 comes with two saucepans, and a frypan, so you aren't limited to rehydrated meals. It also comes with a pot grip, which provides an effective way to handle this system without burning your hands.

This stove has a two-part windshield for keeping your flame safe from the bitterly cold wind, and an easy to light spirit burner with a simmer ring to control and extinguish the flame. Simple, reliable and made with an eye for quality - the Trangia 27-1 lightweight aluminium stove system is perfect for the minimal hiker or couple.
