

ACR
ResQLink PLB
~~\$349.95~~ **\$299.90**

Details

While we recommend the ACR ResQLink Personal Locator Beacon (PLB), we hope you never get to use it.

Three integrated signal capabilities, the ACR ResQLink is equipped with GPS positioning, a powerful 406MHz signal, and 121.5MHz homing capability to quickly transmit your location within 100m to a worldwide search and rescue satellite system, all in a lightweight, compact and affordable package.

Easily activated by deploying the antenna and pressing a button, the ResQLink has two handy self-test options to confirm unit functionality before you leave on your adventure. A built-in strobe light increases visibility for authorities and the included pouch makes it easy to attach to a life vest, belt or backpack.

Tried and tested in extreme conditions, the technology used in the ResQLink PLB has saved thousands of lives and provides a level of peace of mind on top of good preparation when heading off on outdoor adventures.

GPS enabled pinpoints your location down to within 100m
 2 step activation
 No subscription fees
 PLB can be registered with AusBeacon
 5+ watts of satellite power is more effective in bad weather
 220 Self-tests, 12 GPS tests
 LED strobe built in
 COSPAS-Sarsat, FCC, Canada, R&TTE, Australia and New Zealand approvals

Specifications

Snowys Code:	133225
Supplier Code:	2880.64
In Use Dimensions:	4.8W x 3.3D x 9.9H cm
Packed Dimensions:	4.8W x 3.3D x 9.9H cm
Material:	Engineered Polycarbonate Blend
Waterproof:	Submersible to 5 Metres for 1 Hour
Output Power:	406 MHz Satellite 121.5 MHz Homing Signal 66 Channel GPS Receiver
Batteries:	Class 2 (non-hazmat) lithium
Run Time:	Exceeds 24 hrs @-20°C
Battery Replacement Interval:	6 years from manufacture 5 years from start of service After emergency use
Approvals:	COSPAS-SARSAT FCC Canada R&TTE Australia New Zealand
Tests:	220 self 12 GPS with 406Link.com
Weight:	0.130 Kg
Warranty:	5 Year
