Details

An all in one hiking stove for every outdoor activity, the Jetboil Flash Personal Cooking System continues to reliably provide warm food and beverages for adventurers in a compact, lightweight and portable package.

Incorporating Jetboil's Fluxring technology for fast boil times, the cup clips securely onto the stainless steel burner which is stabilized by the included Fuel Can Stabilizer. Easy to use with push-button ignition and adjustable flame control, the Jetboil Flash also incorporates a colour changing heat indicator in the insulated cup cozy so you know when your contents are hot.

Drink or eat straight from the cup, the lid features a spout and keeps everything conveniently stored inside the cup when in transit. If you want a compact, simple and fast stove, the Jetboil Flash Personal Cooking System is for you.

This is the 2018 model, the 2019 version is awaiting AGA approval
